ANGÉLICA GÓMEZ BUITRAGO

WordPress & Shopify Web Developer

Tunja, Boyacá, Colombia · Open to remote roles | +57 311 571 1544

angelosbuitrago@gmail.com | Portfolio | LinkedIn

PROFESSIONAL SUMMARY

Web Developer with 6+ years of experience and 50+ projects delivered, building and optimizing custom WordPress and Shopify sites across education, real estate, healthcare, e-commerce and more. Specialized in PHP/Liquid customization, API integrations and conversion tracking, with a track record of improving site speed, sales, conversion and team efficiency. Works independently in remote settings.

CORE SKILLS

WordPress: Custom themes & plugins, PHP hooks/filters, Gutenberg, Elementor Pro, Divi, WPBakery, WooCommerce, ACF, custom post types

Shopify: Liquid theme customization, sections & templates, product/catalog management, store maintenance

Front-end & Back-end: HTML5, CSS3, JavaScript, PHP, MySQL, responsive and cross-browser development

Integrations & Analytics: REST APIs, API-connected forms, Google Tag Manager, Meta Pixel, UTM, conversion tracking

Hosting & Tools: SiteGround, WP Engine, Kinsta, cPanel, DNS/SSL, SFTP, staging & deployments, Git/GitHub, Lighthouse, PageSpeed Insights

PROFESSIONAL EXPERIENCE

Web Developer — WordPress & Shopify

Nov 2019 – Sep 2026

Pacífica Diseño

- **Delivered 50+ projects** (WordPress, WooCommerce and Shopify) for clients in education, real estate, healthcare, e-commerce, sustainability, industrial and pet care, covering new builds, redesigns, migrations and ongoing maintenance.
- **Improved site speed** through image and asset optimization, cleaner theme code and hosting configuration, using Lighthouse and PageSpeed Insights to measure and validate results.
- **Supported sales and conversion growth** on e-commerce stores by redesigning storefronts and product pages, managing large product imports, and setting up Google Tag Manager, Meta Pixel, UTM and conversion tracking so clients could measure campaign performance.
- **Saved development and content-editing time** by building reusable templates and dynamic content structures with ACF, custom post types and page-builder components, letting clients update pages without developer help.
- **Extended WordPress and Shopify functionality** with custom PHP, hooks and filters, JavaScript interactions (custom galleries, pop-ups, hierarchy features) and Liquid theme sections.
- **Led platform migrations** such as Gutenberg to Elementor rebuilds and CMS transitions, handling deployments, domains, DNS, SSL, backups and databases on SiteGround, WP Engine, Kinsta and cPanel.
- **Integrated external APIs and forms** with WordPress sites to connect lead capture and third-party services to client business processes.
- Diagnosed and resolved layout, compatibility and configuration issues, and worked autonomously, weighing implementation options and making technical decisions aligned with project goals.

Freelance Web Developer — WordPress & Shopify

2019 – Present (concurrent)

Independent client work

- Built and customized responsive WordPress sites and Shopify themes, added custom functionality, forms and integrations, and provided ongoing e-commerce updates, troubleshooting and maintenance.
- Managed projects end to end, translating client requirements into functional, maintainable solutions.

SELECTED PROJECTS

- **Columbus School (Education):** Migrated from Gutenberg to Elementor; built custom job listings and forms. columbus.edu.co
- **Viviendas y Proyectos (Real Estate):** Redesigned project pages with individual templates; integrated an external forms API. viviendasyproyectos.com
- **Droguería Ética (E-commerce):** Redesigned the store, implemented a new theme and managed a full product import. drogueriaetica.com
- **Color Amazonía (Creative):** Built from scratch with a custom interactive gallery and pop-ups in JavaScript and PHP. coloramazonia.com
